GUIDELINES FOR ATTENDING MIDDLE SCHOOL DANCES/SOCIALS

Haywood County Middle Schools may sponsor dances/socials which take place after the regular school hours. Dances/socials not only serve as a time for students to develop social skills but they also serve as a reward for good behavior, good attendance, and taking responsibility for financial obligations.

The following criteria has been established in order for middle school students to be eligible to attend an after-school dance or social sponsored by their assigned school:

- Students may have **no more than one** day of in-school suspension (**ISS**) or **Saturday School** during the 45 days preceding the dance or since the last dance.
- Students **must not have had any** out-of-school suspensions (**OSS**) during the 45 days preceding the dance or since the last dance.
- Students may **not have more than an allowable percentage of unexcused absences nor may they have 15 or more total absences (including excused absences).**
- Students may **not have more than \$10.00 debt** to the school (for example – lunch debt, library debt, school books, locker debt, etc.).
